*Nepal is possibly the only country in the world where you can climb the highest mountains in the world. Trek in the beautiful countryside with the frozen peaks always in the background as well as enjoy jungle safari and other adventure tours.*

## Trekking in Nepal

Trekking in Nepal is most popular activity tourist enjoys. Trekking in Nepal means a walking trip follow trails which some trails have been used for centuries. Trekking is a simple walking up and down in the mountains, crossing villages, high passes, dense forests and valley. Trekking-hiking along the trails that form the main links between Nepal's isolated villages and settlements is one of the century's main attractions. The word trekking was almost unheard of in Nepal until the sixties, but many of today's visitors came to Nepal solely. Trekking in Nepal is one of unique and adventurous activities in the world.

*"Normally, trekking walk up to over 18,000 feet or 5,500 meters high where you will enjoy panoramic snow covered mountains"*

## Expedition in Nepal

Nepal is a country famous for its Himalaya mountains where Lord Buddha was born over 2,552 years ago. This Himalaya Kingdom attracts world tourists and mountaineers for the whole years round.

Nepal is the land of world's top highest peaks including Mt. Everest is majestic crowned to the north. 8 of the world's 14 peaks over 8,000 meters, including Mt. Everest (8,848 m.), Kanchanjunga (8,586 m.), Lhotse (8,516 m.), Makalu (8,463 m.), Cho Oyu (8,201 m.), Dhaulagiri (8,167 m.), Manaslu (8,163 m.), Annapurna (8,091 m.) are only located in Nepal. By Himalaya standards, these peaks may seem minor in scale, but in reality, they offer an exciting challenge and a test of adventure on snow-covered mountains.

*"No wonder, Nepal is the favorite destination for mountaineers and every year, more than 600 expedition's hike up the Himalaya and trekking peaks."*

## Peak Climbing in Nepal

Known as the Himalayan Kingdom, Nepal has 1,310 mountains (the major portion of the mountain range.) which are over 5,500 meters (1,8090 feet) to 8,848 meters (29,028 feet) above the sea level. This makes Nepal exceptional popular for mountaineers.

Our guides are experienced high elevation mountaineers. They are trained to take you safely into the thin air region of the majestic Himalayas. They are particular concerned about the acclimatization process. We only dispatch guides who are have summit experience on your target mountain.

## Sightseeing

Nepal has many different world heritage things to offer for sightseeing. The real and natural beauty, world heritage places and Himalayans views, the culture and traditions, the historical monument, art and architecture, Hindu temples and Buddhist stupa and monasteries, it's people and rites, myths and mysteries which are a part of the daily life id the people of Nepal. Kathmandu is the first arrival point for most visitors. Mountains surround the valley and it is divided into the three major cities of Kathmandu, Patan and Bhaktapur.

## Jungle Activities

Jungle Safari in Nepal is rich in wild life. The tropical jungles of the Terai preserve some of the best wildlife habitat in Asia. Out of the total geographical area of Nepal 16% is occupied by national parks, wildlife reserves and conservation areas. Jungle safari on elephant back is one of the thrilling experiences. Parsa Wildlife Reserve, Royal Bardia National Park, Royal Chitwan National Park and the Royal Shukla Phanta Wildlife Reserve offer jungle safari on elephant back or jeep rides. The Terai region can get rather hot during summer months and temperate during winters.

*"Nepal is the birth place of Lord Buddha. Nepal has several ancient pilgrimage sites. Each temple is attached to a legend or belief that glorifies the miraculous powers of its deity."*

## Adventure River Rafting

Rafting in Nepal is one or the best places in the world for rafting and kayaking. The same mountains that are great to trek through shape an incredible variety of whitewater challenges for paddlers. A series of the world's most outstanding river journeys are found here, ranging from steep, adrenaline-charged mountain streams to classic big volume wilderness expeditions.

*"The combination of spectacular rivers, mountain scenery and rich cultural heritage makes Nepal an obvious river-runner's destination."*

## Adventure Sports

*"Nepal is honored as one of the best adventure destinations in the world."*

Nepal geography packs an extremely varied landscape into small area. The immense contrasts in altitude and climates found here, support a spectacular mix of lifestyles, vegetation and wildlife.

- Mountain Flight
- Paragliding
- Bungee Jumping
- Mountain Biking

## Special Services

### Tibet Tour

A sacred land of myths and mysteries inhabited by the ever smiling people. Tibet has not only exerted magnetic pull upon travelers for centuries but also spies, missionaries, scholars, geographers, mystics, soldier and cranks, etc. Extremely remote and isolated by the most formidable Himalayas ranges, a fascinating world of timeless splendor, unique traditions and breathtaking scenery awaits all travelers to the roof of the world.

### India Tour

Discover and explore this wonderful India, the land that projects Unity in Diversity surrounded by the grand snow capped Himalayas in the North, the spectacular coastline is offered by the Arabian Sea in the West, the vast Bay of Bengal in the East, and the awesome Indian Ocean in the South

### Bhutan Tour

Bhutan is situated in the remote Himalayas. It has a sensational nature and a very rich flora and fauna. In the southern region, you find subtropical animals and plants, while in the far north, with high snow covered peaks. In the major towns of Thimphu, Paro and Phuensholing, comfortable hotels are available. In smaller towns, modest, but adequate, hotels, lodges and guest houses are readily available. We will ensure that the best available accommodations are arranged for you.
